

SAYS WEST IS
FOR PRESIDENT**Secretary Wilson Claims Taft Is
Strong There.**

WEST TO REMAIN REPUBLICAN

Should the Next House of Representatives Be Democratic It Will Be the East That Will Make It So—lowan Thinks That the Republican Candidate for President in 1912 Will Be Taft.

New York, Nov. 2.—President Taft's interest in the Republican state campaign was shown in the presence in New York of James Wilson, secretary of agriculture, and Charles D. Norton, secretary to the president. Mr. Wilson departed to deliver three or four campaign speeches up state. Mr. Norton, it was said, was here primarily to see the city's budget exhibit; but he had conferences with both Henry L. Stimson, the Republican candidate for governor, and Ezra P. Prentice, chairman of the Republican state committee.

Secretary Wilson said he did not know much about the local state issues, but added:

"If the house of representatives is going to be Democratic," said the secretary, "you people in the East will make it so. The West won't do it. They had their fight out. Take Kansas, for example; it will send a full Republican delegation to congress. It is the same in Iowa."

The president's interest in the results in his own state was exhibited when word was received at Republican state headquarters that Mr. Taft wished to have Secretary Wilson begin his speaking tour in Ohio as soon as possible. For this reason it is proposed to cancel a speaking date Mr. Wilson has for Friday night at Syracuse and send him into Ohio that day.

"I think the Republican candidate in 1912 will be Taft," said Mr. Wilson. "He is very strong in the West and growing in strength and it is the custom of the Republicans to give a man two terms."

Secretary Wilson's itinerary calls for speeches at Salem, Washington county; at Sherburne, Chenango county; and at Rome.

Secretary of Commerce and Labor Nagel the only other member of the president's cabinet scheduled to make political speeches in the state, will deliver an address at Albany Thursday night.

VICTORY FOR TWIN CITIES

Interstate Commerce Commission Decides Rate Case.

St. Paul, Nov. 2.—A substantial victory for the Twin Cities in one of the most important of the rate cases now being fought in the courts was gained when the interstate commerce commission dismissed the case of the Omaha Grain Exchange against the Chicago and Northwestern road, alleging unreasonable rates to Omaha as against the Twin Cities. The large productive country that lies in a competitive position, embracing South Dakota, between the Missouri river and the Minnesota state line, is affected by the ruling.

The Omaha Grain Exchange originated the case and brought it to the hearing of the interstate commerce commission. The Minneapolis Traffic association, for the protection of the local market, intervened and offered testimony to show that the rates were not unreasonable. It was argued that the combination of rates which make up the through rate to the South and Southeast are substantially in favor of Omaha as compared with the Twin Cities or Chicago. The ruling means the failure of the effort of the Omaha Grain Exchange to change rates that would in a way have drawn grain southward to Omaha. It leaves the Twin Cities receiving grain interests free from the danger of the loss of business from territory that has long shipped grain to this market.

TWO COURTS OPEN SESSIONS

Federal and District Judges Are Hearing Cases.

Grand Forks, N. D., Nov. 2.—Two courts have opened sessions in Grand Forks, the federal court being convened by Judge C. F. Amidon, while the district court was convened by Judge C. F. Templeton.

In the federal court there are only two cases for trial. A. Deltz of Lakota is charged with misuse of the mails. The other case is that of Johnson vs. the Garr Scott Threshing Machine company.

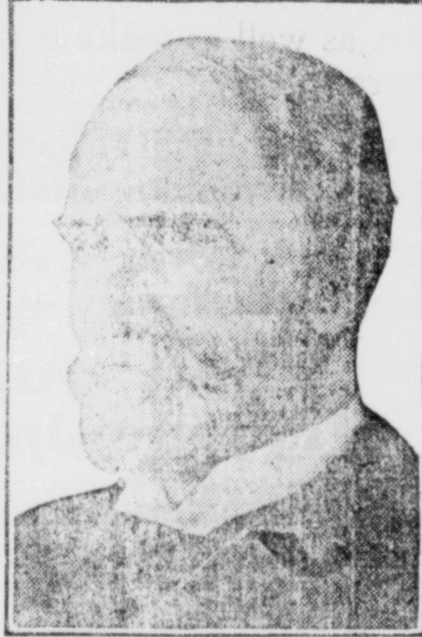

In the district court there are seven criminal cases for trial at this term. There are also a number of civil cases for trial.

Attempt to Blow Mine House.

Duluth, Nov. 2.—An attempt was made to blow up the engine house at the Fayal mine in Eveleth. A dynamite charge was exploded, but it had not been properly placed to work as much damage as was intended. Ill feeling on the part of some workmen is supposed to occasioned the attempt. None of the engine crew were seriously hurt, but two of them were seriously shocked.

SECRETARY WILSON.

Declares That President
Taft Is Strong in the West.

OFFERS TO PLEAD GUILTY

Accused Agent of Bribe Seeker Causes Sensation.

New York, Nov. 2.—Dagelbert Tiemendorfer, accused of being the go-between in seeking a bribe of \$2,000 for George W. Yeandle, who was drawn as a juror in the case of Edward T. Rosenheimer, a wealthy merchant charged with murder, offered to plead guilty to an indictment returned against him. As Tiemendorfer was not represented by counsel when he was arraigned District Attorney Whitman asked Justice O'Gorman not to accept his plea. Tiemendorfer and Yeandle, who also was indicted, were then held in \$25,000 bail each for examination. Yeandle entered a plea of not guilty.

The arrest of Yeandle and Tiemendorfer caused a sensation and halted temporarily the trial of Rosenheimer, who is accused of causing the death of Grace Hough when his automobile ran down a carriage in which she was riding.

HOPE FOR SURPLUS
IN OCTOBER VAIN**Federal Deficit Exceeds Twenty
Million Dollars.**

Washington, Nov. 2.—The government's finances took a downward twist during the last three days of October and tricked the experts who had been predicting a surplus for the month and hoping for an even break at the worst.

Exclusive of the Panama canal charges, the receipts for the month were \$55,266,441 and the expenditures were \$58,560,323, which left a deficit in ordinary operations of \$3,293,882. Add to that sum the month's cost of the work on the canal and \$5,295,083 stands on the wrong side of the ledger. The close of September had shown a total surplus of more than \$1,400,000, and it was the first time in the present fiscal year that the government took in more than it paid out.

While the operations of the month bring the total treasury deficit for the fiscal year to more than \$21,000,000 and the close of September saw it down to \$15,000,000—the situation is not considered unusual.

Panama canal expenditures in October show very nearly \$3,000,000, which brings the sum spent this year to more than \$13,000,000, as against \$11,000,000 at the same time last year. Even though the total deficit does stand at \$21,000,000, it was more than \$37,000,000 at the same time last year.

KILLS HIS SLEEPING BABY

Minnesota Man Accidentally Shoots His Child.

Chatfield, Minn., Nov. 2.—Sydney Baker, living near Chatfield, shot and instantly killed his infant daughter and only child, and is in a serious condition, tortured by the knowledge that he was the child's slayer. The accidental discharge of the rifle in the hands of the father sent the bullet through the floor down into the forehead of the infant sleeping peacefully in her crib in the apartment below.

Mr. Baker while in the yard noticed a squirrel. He went to an upper room in the house for his rifle. Hastily Baker loaded the weapon and was about to rush downstairs, when the gun was accidentally discharged.

Seeing instinctively to realize that the bullet had wrought some awful havoc the father rushed to the bedroom and saw the blood pouring from a bullet hole in the baby's forehead. The couple had but the one child, a baby of six months.

A Double Cross.
"Poor Bill walked ten miles to propose to his girl, and she turned him down after all."

"What did he say?"
"Well," he said, "to think I've footed it all this way only to have it handed to me!"—Baltimore American.

The Thoughtful Ostrich.
The Arab has a curious belief that the ostrich lays twenty-four eggs, but eventually only hatches twenty-three of them, the extra egg being kept by the old bird for the purpose of feeding her young ones on.—Wide World Magazine.

RAILROADS ARE
OVERCAPITALIZED**According to Statement Made
by Shippers' Attorney.**

WITH COMMERCE COMMISSION

Statement Is Filed Asserting That Physical Valuations Made by State Railroad Commissions of the Property of Railroads in Four States Show an Aggregate Overcapitalization of Four Hundred Million Dollars.

Chicago, Nov. 2.—Physical valuations made by the state railroad commissions of the property of railroads in Minnesota, Wisconsin, South Dakota and Texas show an aggregate overcapitalization of over \$400,000,000, according to a statement filed with the interstate commerce commission by Attorney Clifford Thorne, representing the live stock interests of Iowa and other Western states.

This property represents approximately one-fifth of the railroad capitalization of the country, according to Mr. Thorne's statement, which he read at the conclusion of the Western freight rate hearing to offset the claims of the railroads that they are entitled to an advance in rates.

"There is a common impression that a physical valuation of the railroads in the United States would show a greater value than their present capitalization," said Mr. Thorne. "This conception does not seem to be justified by the results of such physical valuations as have in fact been made."

"During recent years actual physical valuations have been made in five different states—Wisconsin, Minnesota, Texas, South Dakota and Washington. We have been unable to secure the figures from Washington, but even if we had them they would be of little significance in this section of the United States."

Following is a summary of the results in the other states (the capitalization apportioned for each state has been estimated by the railroad commissions in Minnesota and Texas, while in South Dakota and Wisconsin the capitalization is apportioned on the mileage basis), the first figures for each state being the present value and the following figures being the capitalization:

Value and Capitalization.
Minnesota (1909), \$91,695,132, \$153,903,071; South Dakota (1908), \$299,658,186, \$234,979,692; Wisconsin (1909), \$168,070,996, \$200,874,693; Texas (1909), \$212,794,586, \$412,465,743. Totals, \$772,218,900, \$1,102,233,199.

The Western rate hearing before Commissioners Lane and Clark was concluded during the day by the final testimony of the railroads in justification of the specific rate advance proposed, which was presented by Stanley H. Johnson, assistant freight traffic manager of the Rock Island, and William Ellis, interstate commerce counsel for the Chicago, Milwaukee and St. Paul. Final arguments will be presented, however, before the full membership of the commission in Washington, beginning Dec. 14, when the arguments in the Eastern case will be heard. Both the roads and the shippers will present additional evidence in the Eastern case at Washington, beginning Nov. 21.

Prosperity of the farmers was named by Mr. Ellis as one of the main reasons for the increase in rates on the St. Paul road. Of the \$568,000 which would be added annually to the revenue of his road by the increase in rates, he said \$245,000 would come from grain and grain products.

"This increase should properly fall upon the farmer," he declared, "because it is the increase in the price of their products that has forced us to pay more to labor and is responsible for our need for more revenue. The South Dakota farmer, according to reliable figures, is getting from \$5.50 to \$8.50 per acre more for grain than ten years ago, and of this increase all we are asking for is 13 cents per acre."

"We have had on foot the bill for this increase in price because every award of a board of arbitration in the labor controversies has been based on the increased cost of living."

Live stock and agricultural implements brought up the total increase on this class of freight, according to Mr. Ellis' statement, to \$333,000, and the other principal items were \$112,000 on beer, \$25,000 on coal and \$45,000 on packing house products.

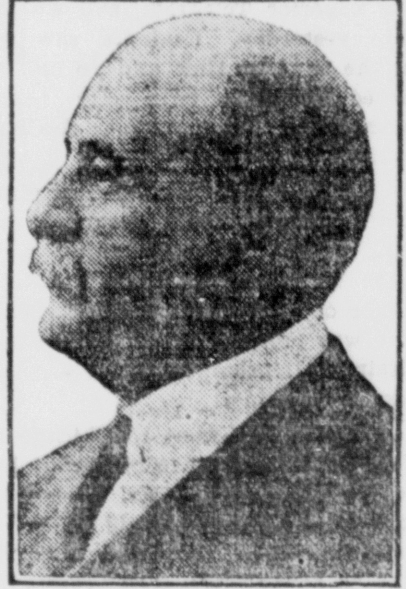

To Work Convicts in Quarry.
Marquette, Mich., Nov. 2.—State Highway Commissioner Ely, in a report made to Governor Warner for the state industrial commission, urges working the convicts at the Marquette prison in quarrying trap rock for use in the construction of good roads throughout the state.

Girl Seriously Injured.
Rolla, N. D., Nov. 2.—Alice Bower, aged nine years, may die from the effects of injuries received from a fall from the loft of her father's barn. In her rapid descent she struck the side of a manger. Her condition is critical.

Tailors' Designers.
There are some New York tailors who pay their designers \$20,000 a year, and many pay from \$5,000 to \$10,000.

GOVERNOR DRAPER.

Says Free Trade With
Canada Is Impossible.

FREE TRADE IS IMPOSSIBLE

Governor Draper Says Canada Would Not Have It.

Haverhill, Mass., Nov. 2.—Although he says that Canadian reciprocity and tariff issues have no place in the state campaign, Governor Even S. Draper devoted some attention at the Republican rally here to reciprocity. He said, in part:

"Free trade with Canada under the present circumstances is something that many people in this section might be glad to see, but every sensible person knows that it is a practical impossibility. In the first place Canada would not have it. They are building up manufactures in Canada, they have a substantial protective tariff and all the manufactures and large interests in the Dominion would oppose it. Great Britain, too, would oppose it strenuously."

FOUR MEN KILLED
BY AN EXPLOSION**Terrible Accident Occurs in a
Copper Mine.**

Butte, Mont., Nov. 2.—Two men were blown to fragments with pieces of their bodies clinging to the mine rocks for a distance of forty feet, and two others were decapitated by a terrific explosion in the Leonard copper mine. The dead are:

John Lillrose, Oscar Maki, August Backlund and Elias Skauri. The two men decapitated were buried under thirty tons of copper rock. The cause of the premature explosion is a mystery. The quartette was about to fire a dozen holes filled with dynamite when the charge exploded. It required three hours to separate the human fragments from the chunks of rock and collect them in gunnysacks.

RUSH FOR FLATHEAD LANDS

Conditions on Reservation Ripe for Violence.

Kalispell, Mont., Nov. 2.—Landseekers who sought homesteads on the Flathead reservation numbered nearly 100 when the office opened.

Mrs. Catherine Pratt of Pleasant Valley, near here, was the first to take her station and she remained there during the night and was the first admitted. During the early evening she was joined by many other men and women. As the throng increased it was decided to make a register to which all bound themselves by mutual agreement. They entertained themselves by reading and playing cards and telling stories. Some went out for snatches of food after the registry was in working order, but most of them remained and took hot tamales from a purveyor.

The races by which they reached the land office will stand for some time as the speed records for gasoline boats on Flathead lake, for autos and for horses.

Rumors are that one man was killed at Roman and another shot at Camas in land disputes.

Many contests are already apparent and a number of the contestants feel bitterly toward more successful rivals. Conditions on the reservation are ripe for violence. Eight men are lying in three stone-barricaded tents, watching desirable tracts with rifles.

Asking Too Much.
An assistant secretary of state in Spain in the time of Canovas said:

"Spain asked of God a fertile soil. He has given her a soil in which ripen all the best fruits of the earth. Spain asked God for beautiful women. He has given her the beautiful daughters of Granada and Seville. Spain asked God to give her rich and inexhaustible mineral treasures. He has given a profusion of mines. But when Spain asked God to give her good government he responded: 'What! Have I not given everything—a fertile soil, beautiful women, magnificent mineral treasures? And now you ask a good government! This is too much!'"—Cris de Paris.

There doesn't seem to be any unemployed in politics just now.

Mount McKinley and truth telling can't seem to agree.

POLICE CHARGE
CHICAGO MOBS**NEW FACT ABOUT LINCOLN
TOLD BY HIS BODYGUARD.**

Did Guard Leave His Post the Night
Lincoln Was Shot?

Colonel William H. Crook, who was Lincoln's bodyguard, brings up a new point regarding the president's assassination in his recently published book of reminiscences. "Through Five Administrations," Colonel Crook writes: "I have often wondered why the negligence of the guard who accompanied the president to the theater on the night of the 14th has never been divulged. So far as I know, it was not even investigated by the police department. Yet had he done his duty I believe President Lincoln would not have been murdered by Booth. The man was John Parker. It was the custom for the guard who accompanied the president to the theater to remain in the little passageway outside the box—that passageway through which Booth entered. Mr. Puckingham, who was the doorkeeper at Ford's theater, remembers that a chair was placed there for the guard on that evening of the 14th. Whether Parker occupied it at all I do not know. If he did he left it almost immediately, for he confessed to me the next day that he went to a seat at the front of the first gallery so that he could see the play. To me it is very probable that the fact that there was no one on guard may have determined the time of the attack."

Chicago, Nov. 2.—Mounted police charged threatening mobs of striking garment workers and made numerous arrests in three sections of Chicago, only to be dumbfounded when met by obdurate groups of well known society women.

It was a new experience for the police and plainly confused them. A score of these women, champions of the garment workers, who faced the day's rioting, were taken into custody. They were immediately released, however, when their identity became known to the police. One of them was injured when struck by a policeman's club, but her name did not become known, as she was hurriedly placed in an automobile and taken to her home. Most of the women of prominence involved in the demonstrations were garbed as working girls and for this reason the police could not distinguish them from strikers until after arrests had been made.

Riotous and spectacular scenes developed in the downtown district, on the North Side and on the West Side. More than 500 men and women engaged in the downtown demonstration, which was broken up by the police after considerable trouble. More than 2,000 took part in one of several incipient riots on the West Side. In each instance women headed the crowds of strikers and their friends.

Treated Roughly by Police.

"I would take oath that we were doing absolutely nothing beyond the law," said Miss Ellen Starr, one of the clubwomen who had become a strike picket. "The only persons who were violating the law were the policemen, who treated us roughly and hurt dreadfully with their clubs some of the poor boys we were leading peacefully past the shops. If there had been a real riot this morning—and it would not have taken much to have made one—it would have been incited altogether by the police."

Miss S. M. Franklin, another of the volunteer pickets, was indignant at the manner in which she had been treated by the police.

"I know they wouldn't have let me go if I hadn't presented my card," said Miss Franklin. "They seemed to think I was a particularly dangerous character. Perhaps it would have been a good plan to let them take me to jail and just prove to them how little legal foundation they have to stand on."

Deputy Factory Inspector Helena M. Todd, who addressed a meeting of strikers, volunteered to address a mass meeting of University of Chicago girls on the South Side. Mrs. Raymond Robins will speak on the subject of the strike to the members of the Chicago kindergarten institute.

Striking girls, club women and leaders in the women's trade union league will meet at a breakfast at King's restaurant to discuss the strike. Among those who will be special guests will be Miss Katherine Coman, for many years professor of history at Wellesley college; Mrs. Samuel Dorschy, Mrs. Anna Wilmarth Thompson, Miss Caroline Hunt and Miss Mary Peck.

Major Howard is guarded by armed Indian policemen. Government Agent Bemidji, Minn., Nov. 2.—"It is true that threats have been made against my own and the life of Judge E. W. Long," said Major John R. Howard, who is here to pay Indian annuities. "Accompanying Major Howard is an Indian police officer, armed with a loaded rifle, who hovers close to Major Howard at all times."

"I haven't taken the reported threats against my life seriously," said Major Howard, "and the belief that I am under heavy bodyguard perhaps comes from the fact that a couple of boys who started out with us took along their rifles, as they are on a hunting expedition."

It required the entire staff of government agents from 9 a. m. until nearly midnight to pay annuities amounting to more than \$2,500 to more than 200 White Earth reservation Indians. At the same time evidence is being collected to prove that frauds have been perpetrated in the White Earth reservation. J. H. Hinton of Washington, who comes to collect fraud evidence, found that several fullbloods had sold their lands, which is contrary to law.

British Explore New Island.
Bathurst Island has just been explored by a British government expedition. It is situated some fifty miles from Port Darwin, northern Australia, and has an area of 188 square miles. It is uninhabited, but it is well watered with fresh running streams and has a fertile soil capable of growing rice, rubber, cattle and tobacco.

Also Place Society Women Under Arrest.

ONE OF THEM IS CLUBBED

Because of Similar Garb Officers Are Unable to Distinguish Social Leaders From Striking Garment Workers. New Experience for the Guardians of the Law and It Confuses Them.

Chicago, Nov. 2.—Mounted police charged threatening mobs of striking garment workers and made numerous arrests in three sections of Chicago, only to be dumbfounded when met by obdurate groups of well known society women.

It was a new experience for the police and plainly confused them. A score of these women, champions of the garment workers, who faced the day's rioting, were taken into custody. They were immediately released, however, when their identity became known to the police. One of them was injured when struck by a policeman's club, but her name did not become known, as she was hurriedly placed in an automobile and taken to her home. LOCAL NEWS NOTES

"Michael's" arcade lighted tonight.
J. F. Dykeman, of Duluth arrived this noon.

Mrs. W. S. Brockway went to Staples this noon.

J. P. Saunders came from Deerwood this noon.

Mr. and Mrs. A. Hanson went to Russo, N. D., today.

Store your stoves and household goods with D. M. Clark & Co. 110tf
B. B. Gaylord, of Crosby, was in the city yesterday.

Thomas Browning arrived this noon from Deerwood.

Mrs. Erick Lohm returned this noon from a visit at Pine River.

P. A. Gough, of Deerwood, transacted business in the city yesterday.

Schmidt's bottle beer, famous for quality. Order a case. Telephone 1641 John Coates Liquor Co. 282tf

Mrs. J. W. Smith has returned to Bemidji after a few days visit in the city.

General Manager W. H. Gemmell is up the M. & I. on an inspection tour.

Mrs. Ernest Kelly, of Staples, was brought to St. Joseph's hospital yesterday.

E. C. Clemans, of the state anti-saloon league, is in the city on political mission.

William Coe and A. E. Johnson, of Pillager, attended the Gray meeting last night.

Modern plumbing and heating, water and sewer connections, at lowest prices. Get our estimates. D. M. Clark & Co. 110tf

General Superintendent E. C. Blanchard visited the city today in his private car.

Little Miss Dorothy Saunders entertained 16 friends at a Halloween party Monday evening.

Mrs. Martha Clark, who has been visiting Mrs. J. M. Hayes, returned this afternoon to her home in Malden, Wash.

Rev. S. L. Mitchell, of Sank Center, the guest for a few days of Rev. Joseph R. Alten, returned this afternoon to his home.

Let D. M. Clark & Co. furnish your home. Your credit is good. 110tf

G. A. Schumacher, a prominent business man of Prairie Island, Ill., who has invested in land at Pillager, was in the city yesterday.

Mrs. William Rogers and Mrs. C. P. LaVan, of Baudette, formerly of Brainerd, passed through the city today on their way to the twin cities.

Game licenses have been issued to Ray Henderson, of Ft. Ripley; Jacob Hendrickson, H. Ebinger, Joseph Ebinger and Osborne Anderson, of Brainerd.

Supt. W. C. Cobb and Prof. L. C. McCarthy left this afternoon to attend the state teachers association meeting at St. Paul which will be in session Thursday, Friday and Saturday of this week.

Superior and Duluth, according to the Superior Telegram, saw an air-ship yesterday. Brainerd saw one in the summer time and no one believed it. The twin city papers wished to know what Brainerd drank.

Mrs. E. Fenstermacher was pleasantly surprised last Saturday evening at her home in South Long Lake by about forty-five friends in honor of her sixty-first birthday. She was presented with a handsome chair. All present spent a very enjoyable evening.

J. C. Barber went to Chicago today. His family has preceded him several weeks ago. Mr. Barber has made many improvements at his fine country home, "Twin Oaks," at Nokay Lake and his large estate attracts the attention of all visitors. While he is absent a superintendent has charge of the place and manages the farm.

THE GRAND THEATRE

TONIGHT

LOLA LEA EARLE CO.

E. A. Cowles, a socialist orator, addressed an audience at Walker's hall on Monday evening. He paid special attention to the Dick military law, terming it universal conscription and maintaining it could be invoked to end strikes as had been recently done in France. He said this country was fast becoming an oligarchy of wealth and special privileges. Mr. Cowles speaks extemporaneously and uses no notes. He spoke at Staples last night. His itinerary is mapped out by state secretary of the socialists, J. E. Nash. An admission fee was paid by the audience and a dance was given after the speech.

PILES CURED IN 6 TO 14 DAYS
PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c. mwt

GRANT TEMPORARY INJUNCTION

Judge McClenahan Does So in Crosby-Ironton School Controversy

Judge W. S. McClenahan, of the district court, has granted a temporary injunction restraining the village of Crosby from erecting a \$10,000.00 school building. The petitioners are residents of Ironton, who were represented by Attorney A. T. Larson. The Crosby people were represented by Attorneys Alderman, Mantor and Ebner.

The Ironton people assert that Crosby residents bought their old school house in their townsite and wished to have the only school in the district at Crosby, thus compelling Ironton children to walk a mile or more from Ironton in order to go to school at Crosby. Ironton has donated almost three acres for school purposes and intends to erect its own school house early in the summer.

The outcome of the injunction proceedings will be watched with interest.

BEEN DECEIVED

Have you been betrayed by promises of quacks, swallowed pills and bottled medicines without results except a damaged stomach? To those who offer Hollister's Rocky Mountain Tea, to learn the value of a real soothing, healing, curing remedy. Don't delay; start tonight.

TELLS HOW TO CURE A COLD

Surely Breaks the Most Severe Cold and Ends Grippe Misery in Just a Few Hours

The most severe cold will be broken, and all gripe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress vanishes.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless Compound as directed, with the knowledge that there is not other medicine made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

The Straight Road

IN business the easiest way for us—if we were thinking of the present alone—would be to sell clothes that pay us swollen profits; explain away faults; employ salesmen skilled in selling you, not what you want, but what we want you to buy.

But that idea doesn't prevail here—because our success comes from sale after sale; from holding old customers as well as making new ones—and because we are here to stay.

If service and quality, right values and true economy is your idea, you'll find this store a good place to buy.

That idea is woven, sewed and shaped into every style of clothes from

The House of Kuppenheimer

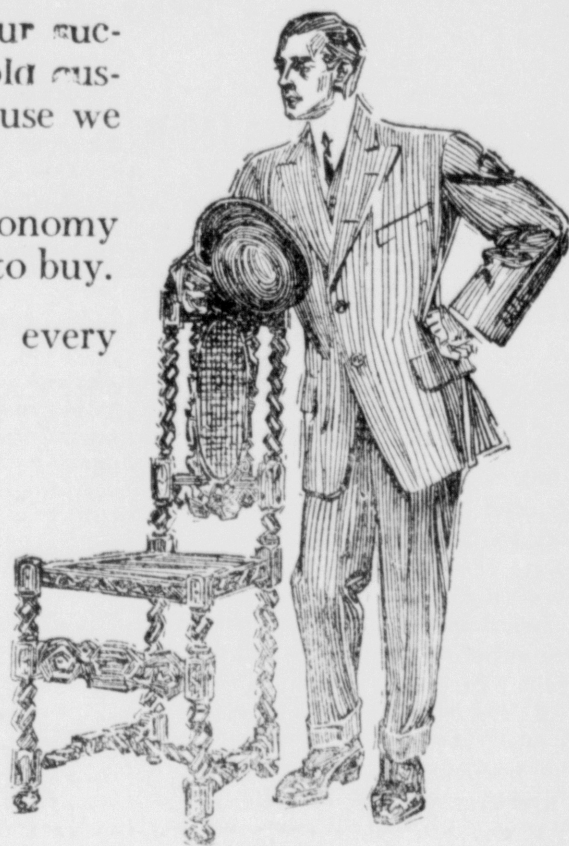

—which we are showing. And it's a big array. The choicest, crispiest styles for fall and winter.

The new Ideas—rational, clean-cut and distinctive.

Whatever your age—whatever your taste—you'll find your model here—and tailored to perfection.

New Hats, Shirts and Shoes

HALLOWEEN STUNTS

Somebody Moves the Ransford Flag to First National Bank Building

One of the most noticeable Halloween stunts was the transferring of the Ransford hotel flag to the flag pole of the First National bank. Numerous porches suffered the loss of their front steps and hundreds of windows were liberally soaped. Soap is next to godliness but it is exasperating to have it smeared on a window pane.

Sundry little houses one story in height and measuring about four by ten feet mysteriously peregrinated in various directions. It takes more than a mere police edict however, to overcome the stern, immutable laws of human nature and the natural, perverse predilection of happy, innocent childhood to disturb the status quo.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c. Take Hall's Family Pills for Constipation

No Show.
Magistrate—How comes it that you dared to break into this gentleman's house in the dead of night? Prisoner—Why, your honor, the other time you reproached me for stealing in broad daylight. Ain't I to be allowed to work at all?

GRAPHITE IS FOUND ON RANGE

Rich Deposits in Cuyuna District, With Promises of More

58 FT. DEEP NEAR RABBIT LAKE

52 Per Cent Graphite Found by T. R. Foley, of Aitkin, in 22-136-26

Judging from recent finds and analysis, the deposits of graphite on the Cuyuna range promise to be almost as valuable as the iron deposits, and there is a possibility that the range will become even more noted for its graphite than for its iron.

Up in section 22, town 136, range 26, about three miles north of Rabbit lake, T. R. Foley, of Aitkin, has struck a deposit of graphite fifty-eight feet deep. The graphite shows the following analysis: Soluble residue, 10.87; graphite, 52.83; Silica 13.03; insoluble residue, 22.67. Mr. Foley first went through fifty-seven feet of good shipping ore, then through the graphite and later into ore again. This is considered a remarkable formation by mining men, but it exists on the Cuyuna where ever graphite has been found.

Up to the present time the highest grade of graphite found in the United States averages 23 per cent, and the famous deposit at L'Anse, Mich., averages only 13 per cent, although it has been mined for thirty years. Graphite has also been found on eleven tracts owned by Captain Thomas Feigh in town 136, range 25, just east of the Foley property. He drilled last week and found fifty feet of graphite.—St. Paul Pioneer Press.

SPECIAL MEETING OF SCHOOL BOARD

Two Members Resign and Their Successors are Elected to Fill Unexpired Term

CONGDON AND LARSON OUT

Teachers Who Attend M. E. A. at St. Paul are Allowed Time With Pay

A special meeting of the board of education was held Monday evening to consider the resignations of John Larson, of the 4th ward, who has returned to another ward, and J. C. Congdon, of the second ward, who is absent from the city, and to consider other matters.

The members present were Messrs. Erickson, Wise, Johnson, Holstad, Ilse, Kaatz and Hohman.

The name of H. Squires was recommended to succeed Mr. Larson in the fourth ward, and E. O. Webb was recommended to succeed Mr. Congdon in the second ward. Both gentlemen were unanimously elected by the board.

In order to provide the teachers desiring to attend the meeting of the Minnesota Education association at St. Paul Dec. 4th and 5th with the necessary funds to do so, the October payroll was allowed subject to the approval of the finance committee. This meeting is held on Thursday and Friday of this week and all teachers attending are allowed the time to go without loss of pay. The rooms of hose going will not be closed however, substitutes being provided. About one half of the teachers, it is reported, desired to attend.

President Erickson, on motion, has delegated to attend the association meeting, and to appoint two additional members to accompany him.

THE FRENCH CABINET RESIGNS

Special to The Dispatch:

Paris, Nov. 2nd—Premier Briand has tendered the resignation of the cabinet to Pres. Falliers. Rumors of a revolutionary outbreak in Spain especially in Barcelona is without foundation. Calm reported throughout the country.

Treasurer Reports

Messrs. W. H. Cleary, J. T. Sanborn, S. R. Adair, W. S. Orne and M. T. Dunn, committee to collect funds in aid of the fire sufferers at Baudette, and Spooner, Minnesota. Gentlemen:

I am today sending Kenneth Clark, treasurer, Red Cross Relief society, St. Paul, drafts to his order aggregating \$1518.95, being total amount collected by your committee in aid of the fire sufferers of Baudette, Spooner and vicinity.

Yours truly,
HENRY I. COHEN,
Treasurer.

BIG GAME SEASON OPENS NOV. 10

Deer and Moose May be Killed From November 10th to 30th

WHAT A HUNTER MAY NOT DO

He Must Not Hunt on Land of Another Without Permission—Other Don'ts

In eight more days the season for moose and deer will be open. It is lawful to kill this class of big game November 10th and for 20 days thereafter. It is estimated by County Auditor Smart that fully 400 game licenses will be issued by that date. So a person can easily imagine the fusillade and bombardment which will greet the deer and moose on November 10. And Crow Wing county is but one of many counties which is issuing game licenses for this short hunting season.

The laws of Minnesota declare that it shall be unlawful to hunt deer with dogs; to hunt on the land of another without permission; to use traps; snares, artificial lights or set guns; to kill a game animal in any other way than by shooting with a gun held to the shoulder; to use sink boats, launches, motor boats, sail boats, floating batteries, sunken boxes, tubs or floating blinds when shooting, or to hunt or shoot between dark and daylight.

One male antlered moose may be killed by each person, but it must not be shipped from the state unless mounted. Residents of the state may kill two deer and non-residents one. Non-residents must pay \$25 before they can get permission to hunt big game.

The cost of a license to a resident of the state is \$1. There is no open season for elk or caribou.

On November 7th the season for killing dove, snipe, prairie chicken, pinnated, white breasted or sharp-tailed grouse, woodcock, upland plover and golden plover ends. On November 10th the season for catching whitefish and trelipies opens and remains open for two months. Trelipies are caught only with nets—the cost of the license being \$1 for each net.

The deer and moose are reported to be plentiful in the northern part of the state. The forest fires may have driven some back to Canada.

JAMES GRAY'S ELEGY LAST NIGHT

Dwelt on County Option, Election of Senators and Assailed Gov. Eberhart

MARSHAL PETERSON BLAZED UP

With "All Eyes on Brainerd" Subdued Gray Was Silent About Reapportionment

A fairly large audience including quite a few women listened last evening to James Gray, the democratic candidate for governor, as he outlined the issues of the present campaign. On the stage were seated prominent democrats of Brainerd and Pillager, the small town where Mr. Gray spoke in the afternoon.

City Attorney M. E. Ryan introduced as the first speaker Ed Peterson, of St. Paul, the state fire marshal. Mr. Peterson launched into a discussion of the charge brought against him at Crookston by Senator Knute Nelson to the effect that he was derelict in his duty in the matter of the recent forest fires. He said his department had nothing to do in regard to this matter and that it belonged to the forestry commission. Some people objected to seeing a democrat campaigning around the country and said he was wasting the time of the state. No one seemed to object to Gov. Eberhart, Senator Nelson, Senator Clapp, Messrs. Simpson, Schmahl, Elmquist, Staples and Larson campaigning.

He spoke against the primary law amendment as proposed by Governor Eberhart. He did not approve of the provision requiring a man to vote two years hence as he had voted at the primaries. In two year's time men, principles and parties may change. "What is the governor's personal opinion on county option?" he asked at a recent meeting and no one in the audience was able to answer. This is the leading question in Minnesota politics and must it be said of the governor that he has no moral or intellectual influence. If it's bad why doesn't he say so? If he has an opinion ask him next Thursday evening.

He took a rap at the conservation movement. There was no use conserving water power when there were no sites left. All belonged to private concerns. Millions had been spent to erect dams between St. Paul and Minneapolis and thousands to blow them out again. The dams were built to make Minneapolis the head of navigation when we have flying machines.

He praised Judges Stanton and O'Brien, and favored a non-partisan judiciary.

City Attorney M. E. Ryan then introduced the democratic candidate as plain Jim Gray. Mr. Gray said his tour of the state had familiarized him with the resources and great possibilities of the state of Minnesota. The campaign in this state was a peculiar one. There was nothing on the surface to tell how the people would vote. It seemed that in some places the democrats furnished the speakers and the republicans the audiences. But there was a fight on in Minnesota as well as in any other state in the union. It was the old battle between progress and reaction. He said Taft had failed in his promises to revise and reduce the tariff Cannon through his power to appoint committees, gave us the present Payne-Aldrich bill. Fourteen out of the 17 propositions of Roosevelt's Osawatimie speech were from democratic platforms.

The late Governor Johnson was elected to get rid of the old ring which dominated Minnesota. Johnson gave us a reduction in railway fares, in rates in coal and other staple commodities, and increased support for rural and high schools. His appointments were among the best known. Many offices were reduced from a fee to a salary office. He appointed men whom he knew would do something for the state of Minnesota. If Eberhart is satisfied to praise Johnson administration we are satisfied it is approved. The Johnson administration was to be measured according to progressive politics; Eberhart was measured by the standpat yardstick. Eberhart had never commended any of the progressive republicans. The republican party is composed of two parties, the party which is willing to stand still and the party which progresses, represented by Messrs. Davis, Lindbergh and Clapp, and which Mr. Tawney so ably misrepresented.

The people should elect their senators by direct vote. The senate belonged to the interests which had made the tariff. The senate, ever since the war began, has been a body which did not represent the people.

He favored the initiative and the referendum. The people should have a right to pass on the legislation proposed. This method employed in Oregon had worked a complete revolution in the politics of the state. It would wipe out lobbying. The democratic party sympathized with the movement to develop the labor of the country. A democrat in the office of labor commissioner is studying the question of a proper employer's liability law.

He took up the question of true conservation. When we had ore and timber lands, why didn't we conserve. Such talk of conservation now is only

(Continued on page four)

COMMISSIONERS PROCEEDINGS

Proceeding of the County Commissioners, Meeting Held November 1st, 1910

Meeting called to order at 10:30 a. m.

All members present except Commissioners Kreh. Minutes of the last meeting were read and approved.

The bond of John Setula in the sum of \$2,375.00 covering his contract on state road No. 3, was presented and duly approved.

Petition of Peter Wicklund and others was presented asking that ditch No. 4 be cleaned out, and upon motion the county surveyor was ordered to proceed with the work at once.

The following report of the farm for October was read and approved: Receipts by sale of produce—\$18.00 Credit by keep of inmates, 32 days at 50 cents—16.00

Disbursements for labor—80.00 Bills pending for supplies—77.30

A petition was presented to the board from members of the G. A. R. Post requesting that the county provide metal markers for old soldiers buried in Evergreen cemetery. A motion was made and carried authorizing the auditor to purchase 100 such markers at 85 cents each.

Commissioner Edquist urged that the Kimball bridge across Little Pine river be put in shape for travel once more. It was decided to send the county surveyor out and find out what was necessary to be done.

Board adjourned until 2 p. m.

All members present.

Pursuant to the notice the petition of Mary Raymond to have her land, viz: N 1/4 NE 1/4 and the SE 1/4 NE 1/4 section 12, township 46 range 29, detached from the village of Crosby, came up for final hearing. Attorney Ryan represented the petitioner and Mr. Alderman appeared on behalf of Mr. Crosby and the village officers who were also present. It was urged that taking out this piece of land destroyed the symmetry of the village and leave a detached portion of the town of Klondike. The board did not feel ready to decide the question and a motion prevailed to lay the petition on the table until the next meeting.

A motion was made and duly carried authorizing Attorney J. H. Warner representing the county in the matter of county ditch No. 10 to stipulate the dismissal of the case without taxing cost to either party.

The report of the committee which was sent out to inspect Ditch No. 14 was presented to the board. They reported work done according to specifications, except a small amount of cleaning out at the foot of Crow Wing lake, and also stated that to lower the lake more, it would be necessary to destroy the cement culvert of the railroad company. On motion the report was accepted and the contractor ordered to be paid as soon as he completed the work referred to.

Final hearing was had upon the petition of T. C. Pointon and others for a road on the town line between Nokay Lake and Oak Lawn. No objection was raised against the road, and a motion was made and duly carried to grant the petition and the route was ordered surveyed. Mr. Allen Ross, a resident along the road offered to contribute \$50.00 toward opening said road and the board also set aside \$100.00 from the road and bridge fund to be used on the first half mile leading north from the Oak street road.

An appropriation of \$100.00 was made to the town of Oak Lawn to be used between sections 25 and 26 and 35 and 36.

Upon motion it was decided to send the county surveyor out to the Tenis bridge in Dagget Brook to report on the condition of the bridge across the Nokay Sebie and also to take measurements at the proposed new site for a bridge.

The following bills were allowed:

Security Blank Book and Printing Co., books, blanks, etc	3.00

No day so cold but that

Our underwear makes you comfortable

We have fine medium weight garments for those who like them, and the very heavy kind for those who want the very warm kinds. Note these

50c the garment secures the best fleeced garment made. Kind for service kind for comfort.

\$1.00 the garment secures you the choice of the best of Union Suits. We give you Munsing or others.

\$1.50 the garment for the very best of cotton Union Suits. Very fine and warm.

\$2.75 the garment for very fine Union Suits. Good weights, Munsing qualities or other kinds.

75c the garment for children's heavily fleeced Munsing Union Suits. They are the best made.

\$1.50 the garment for children's wool plated Munsing Union Suits. Nothing better for wear.

In the Basement You'll be surprised at the underwear bargains we give in the basement. These are children's, ladies' and some men's garment. Not a garment but is so priced that it will save you money and there are many lines for you to select from.

"MICHAEL'S"

The Famous "W. B." Corsets in a Full Range of Most Excellent Styles and Materials

The W. B. Corsets are justly famous and many women who have worn this make for many years want no other kind. The fit of the W. B. make is always correct. In the hands of a corsetiere who knows her business, the adaptations to individual needs are readily made. The W. B. "Nuform"—a corset for any figure, thin, stout or medium, comes in excellent models. The W. B. Reduso, especially adapted to the stout figure, is a really blessing to over-large women or those with tendencies to fleshiness. Perfectly comfortable and wonderfully fine in their effects on the figure.

EXTRA SPECIAL—A long corset of coutil, with very latest style effect, with a draw string at the top and six hose supporters, is one very special number at present. We sell you this corset, which should bring \$1.25 at the least, at \$1.00

A regular meeting of Brainerd Lodge, No. 615, will be held at Elks hall, Thursday evening, Nov. 3, 1910. A full attendance is requested.

FRED ALLISON, Ex. Ruler.

CONG. STEENERSON COMING

He Will Address a Rousing Republican Rally at the Opera House

On Thursday night Congressman Halvor Steenerson, of Crookston, will address a rousing republican rally at the opera house. He will reply to the arguments advanced by Mr. Gray. Congressman Steenerson is a most forceful speaker. In congress the ship subsidy bill encountered his oratorical broadside.

Everybody is cordially invited to attend the meeting and ther will be seats for all the ladies. Good music has been provided for the occasion.

John P. Gardiner, of St. Paul, well known to many Brainerd people will also deliver an address. It is incumbent on every citizen to attend this meeting and hear the issues of the campaign discussed. Turn out and give our brother congressman of the ninth a cordial welcome.

SMITH BROTHERS
BRAINERD, MINNESOTA

JAMES GRAY'S ELEGY LAST NIGHT

(Continued from page three)

lip conservation. When the Mount Iron mine was stolen from the school funds of the state, where were the conservationists then? It is now worth twenty million dollars. Robert C. Dunn, as auditor, said that mine had been lost through the negligence of officials.

"I favor taking a forward step in the control of the liquor interests and county option is that step." Knute Nelson has gained in party standing at the expense of his independence. Nelson was truculent enough to defend Ballinger without a blush. "Vote the regular ticket and down Johnson," was Knute Nelson's cry in earlier campaigns.

He objected to Eberhart's statement: "No matter what Mr. Gray says I am going to treat him with kindness." He didn't want to be treated with kindness. No one treated him with kindness when he worked on a log jam or when he worked his way through college. "I challenge Eberhart to treat the people of Minnesota with fairness and tell them where he stands." County option gives the people the power to regulate their own affairs in respect to the liquor traffic. It is a warning to the liquor interests that the people will use the big stick when necessary. No county will go dry because there is no enabling act to make it dry. Brewers at the present time were hiring the most notorious men in Minneapolis to run their saloons there. If the county is satisfied this business is conducted in the proper manner county option will not be needed; but it's a mighty handy club for the people to have around.

In closing he said, "the destruction of special privileges" was the

dominant political issue of the country. This year, more than any other the people would be governed by their conscience and would vote accordingly.

The Brainerd City band played several concert selections and were heartily applauded. Mr. Gray stated at the outset that he approached local questions with trembling. He revealed his knowledge of northern Minnesota by not saying a single word about reapportionment or the Northern Minnesota Development Association which is to meet in Brainerd. All eyes except Mr. Gray's seem to be on Brainerd. After the meeting there was a heavy fall of snow which may be symbolic of future events.

The Misunderstanding.

"Has her marriage to the count really been indefinitely postponed?" "Yes; there was some little misunderstanding, I believe." "But does the misunderstanding really amount to much?" "Only to about \$500,000, I think."—Catholic Standard and Times.

GOOD WORK

Done Daily in Brainerd, Many Citizens Tell of it

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Brainerd still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Mrs. J. H. Zellers, 913 Main St., Brainerd, Minn., says: "I never tire of recommending Doan's Kidney Pills, for they have been so beneficial to me. Some years ago I publicly endorsed them and at this time I am willing to do so again. I took Doan's Kidney Pills when I was afflicted with kidney complaint and they gave me prompt relief. One of my relatives who also suffered from kidney trouble, used this remedy with the best of results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Notice

To the Voters of Crow Wing County: I hereby announce myself as an independent candidate for coroner, and respectfully solicit the support of all voters at the general election Nov. 8th.

Respectfully,
C. A. NELSON.

GEO. F. MOEGLEIN
Democratic Candidate for
REPRESENTATIVE 48 DIST.
Morrison and Crow Wing Counties
Mayor of Little Falls 4 Years,
Alderman 16 Years
FAVORS

Good roads, re-apportionment, initiative, referendum and recall, popular vote on U. S. senators, primaries extended to the state officers.

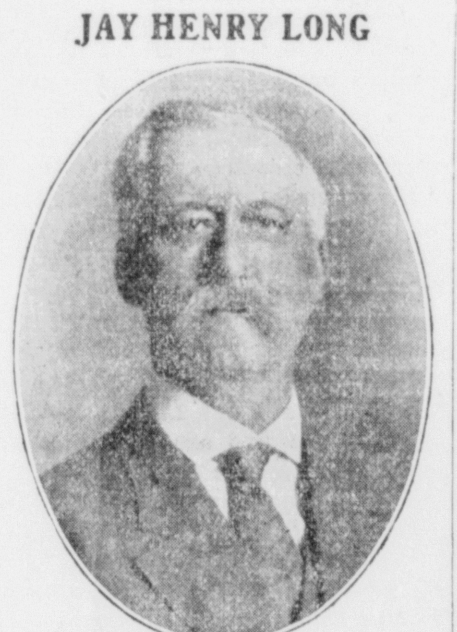

YOUR SUPPORT IS SOLICITED

A CARD TO VOTERS

I am a candidate for county attorney, and respectfully ask your support at the polls. I have lived in Brainerd almost 28 years, and, during that time have held several public offices. If my record, either as a citizen or as a public officer, is such that you cannot support me, it is, of course, your privilege to vote against me. If, on the other hand, I have performed my duty as a citizen and as a public officer, I hope to receive your support. I know that I have always tried to do right, and, if elected, I shall continue to try to do right. I believe I understand the duties of county attorney and the growing needs of the county. I shall be guided by these in the performance of the duties of the office, if elected.

Yours Truly,
W. A. FLEMING.

JAY HENRY LONG
Independent Candidate for
COUNTY ATTORNEY
Crow Wing County

NOTICE

To the Voters of Crow Wing Co.—I hereby announce myself as an independent candidate for superintendent of schools and respectfully solicit the support of all voters at the general election Nov. 8th.

Respectfully,
MRS. IRMA CAMP HARTLEY.

JOHN SCHMOLKE

Democratic Candidate for
Representative 48th District
Morrison and Crow Wing Counties
Resident of Buckman, Morrison county, 27 years, as farmer, merchant and real estate dealer.

Incorporator of the village six years ago, and since its president.

One of Morrison county's heaviest tax payers.

Always a booster for Morrison county, and have expended hundreds of dollars each year in advertising this county and Northern Minnesota.

Have located newcomers on 50,000 acres of Morrison county lands. Favor Good Roads, Reapportionment, Initiative Referendum and Recall, Popular Vote on U. S. Senators, Primaries extended to the State Officers.

BABY'S BOWELS

Here's the cause of all the trouble. Children's sickness begins with the bowels. Healthy bowels mean a healthy child; irregular bowels, constipation, the wrong color, and you have a sickly child. Kickapoo Worm Killer is the best liver regulator, bowel cleanser and regulator, and the finest tonic for children. Try it and you will know that this is so. Price 25c., sold by druggists everywhere and by

To the Voters of the 48th District, Minnesota.

As a candidate for state senator I wish there to be no misunderstanding as to my position in regard to legislation. I am not in politics to fight any man, neither organization of men, nor capital; but am working for a practical recognition in legislative action of the natural, inalienable and equal rights of all as to inheritance in and opportunity to use the natural resources of the country. This is the essence of the National Conservation movement. This is the American ideal of the fundamental purpose or function of government.

"To secure these rights governments are established among men, deriving their just powers from the consent of the governed."

This is the solution of the labor problem; the means whereby all producers of wealth can command their full product.

I am asking from you a commission for service in this cause; to raise again and hold aloft in co-operation with the faithful minority in the legislatures of the past (which I believe will be increased in the coming term.) These "rights of all" as the standard—the first fundamental test of all measures proposed for legislation.

You have in the senatorial field a variety of choice such as you have never had before. Around which standard will you rally—the "rights of all," or the "private interests of the few?" It is yours to decide; it is yours to select; it is yours to say on Nov. 8th.

Yours for the Right,
DAVID C. HENDERSON,
Nisswa, Minn.
Independent Candidate for State
w-w Senator.

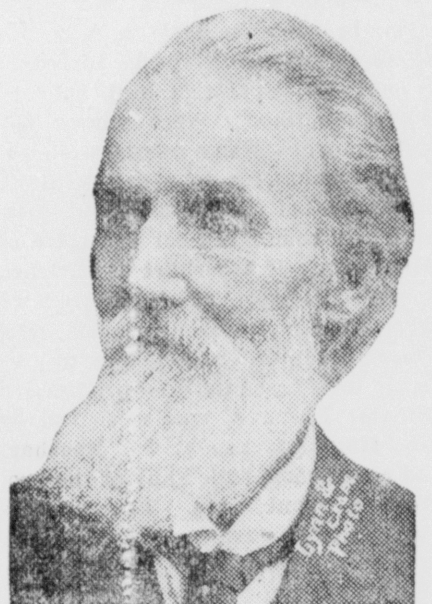

NEW MINERAL DISCOVERED.

It is Named *Mosesite* in Honor of Its Finder.

It is announced at Columbia university that a new mineral recently discovered in the Terlingua district of Texas has been named "*mosesite*" in honor of Dr. Alfred J. Moses, professor of mineralogy in Columbia university.

86 YEAR OLD MAN BAKED IN OVEN

Discards Crutches After
One Treatment.

MR. JESSE COCHRAN

"To me nothing on this earth appears more miraculous than my recent experience with the Famous Bake Oven Cure for Rheumatism," declared Mr. Cochran, who is 86 years old. "Slowly hobbling along as best I could, supported by my crutches and suffering intensely with every step, I went to the office of Drs. Loughney & Loughney and took my first Bake Oven treatment. To my astonishment I was able to walk unassisted from the treatment room. I dressed and felt like a new man and on the spot I discarded the crutches. And, best of all, I haven't used them since. I firmly believe that the cure will be permanent. I want all rheumatic sufferers to read my experience and profit thereby. Hence this statement."

"The treatment actually made me feel young again. It limbered my joints surprisingly. It's good for the young and for the old."

Signed: "Respectfully,"
"JESSE COCHRAN."
Drs. Loughney & Loughney have their offices in the Christie building, between First street and Second street, Duluth, Minn. They occupy all of the offices on the third floor. Consultation is free. Hours, 8 a. m. to 7 p. m. Sundays, 9 to 12 only.

Here is Your Chance

If you want to get a stove at rock-bottom prices.

During the time that we have been in the storage business over 150 stoves have accumulated in our store house. We have been instructed by the various owners to sell these for the storage due on them. They must positively go before we move into our elegant new quarters in the "Iron Exchange" building.

The prices range from

\$2.50 to \$20.00

fessor of mineralogy in Columbia university. Dr. Moses first definitely described and catalogued the mercury minerals of the district.

Mosesite occurs in the form of small yellow crystals over crystals of calcite. It is composed of a mercury ammonium compound containing chloride and the sulphate group with a small percentage of water. The crystals have peculiar optical properties.

Quinine Cause of Fever?

There is a belief current in West Africa that the most dreaded disease of the coast, black water fever, is often the result of too much quinine, while the medical authorities are inclined to think there is a special black water fever germ.

FOR FALLING HAIR.

You Run No Risk When You Use This Remedy.

We promise you that, if your hair is falling out, and you have not let it go too far, you can repair the damage already done by using Rexall "93" Hair Tonic, with persistency and regularity for a reasonable length of time. It is a scientific, cleansing, antiseptic, germicidal preparation, that destroys microbes, stimulates good circulation around the hair roots, promotes hair nourishment, removes dandruff and restores hair health. It is as pleasant to use as pure water, and it is delicately perfumed. It is a real toilet necessity.

We want you to try Rexall "93" Hair Tonic with our promise that it will cost you nothing unless you are perfectly satisfied with its use. It comes in two sizes, prices 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store—Johnson's Pharmacy

The Famous Rayo

Does Not Strain the Eyes

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does.

It has a strong, durable shade-holder that is held firm and true. A new baffle gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.

Once a Rayo User, Always One.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the
